

NIRMAL

Nirmal in hindi means pure, immaculate. The original idea, transformed by Perfumer Rosine Courage, was to create a perfume that was as sincere and delicate as a loving caress. A simple and unforgettable perfume at the same time. To realize this dream Rosine has worked on a poudré base of sweet notes. In this way the impalpable being of the perfume penetrates into the skin and captivates the heart of anyone who wears it.

Perfumer: Rosine Courage

Topnote: Carrot

Heartnote: Iris, Violet
